ABOUT
ARUNACHAL PRADESH

Arunachal Pradesh, having attained full statehood in the Union of India in 20 feb 1987 is now one of the most beautiful and vibrant states of India. The state enjoys benefits of prime location, being in the North-East of India it has international borders with Bhutan on the west, People's Republic of China in the north and Myanmar in the east. It shares boundaries with Assam and Nagaland to the south. Its deep river valleys present exotic beauty of Mother Nature and is Compared to the paradise on the Earth. Arunachal Pradesh is particularly known for dawn-lit mountains.

Arunachal Pradesh has 26 districts comprised of Anjaw, Changlang, Dibang Valley, East Kameng, East Siang, Kra Daadi, Kurung Kumey, Lohit, Longding, Lower Dibang Valley, Namsai, Papum Pare, Siang, Tawang, Tirap, Upper Siang, Upper Subansiri, West Kameng, West Siang, Kamle, Pakke-Kessang, Lepa Rada, Shi-Yomi District and many more. Most of Arunachal Pradesh has great Himalayas as its crown. Moreover, its evergreen forest is covered with hundreds of different types of orchids which presents it's extreme serenity.

The climate of Arunachal Pradesh varies from hot humid in Sivalik range of Himalayas to very cold in upper ranges and the state experiences heavy rain fall during Monsoon. The state is inhabited by artistic people from different rich cultural values and nationalist fervor. However, it is one of the most thinly populated states in the country.

The literacy rate in Arunachal Pradesh is about 67.44 percent as per census report but the state govt. has thereafter put particular focus on increasing GER to catch up with national average. In this context, higher education has received focused attention and new colleges and universities, both public and private, have been established.

As such agriculture drives the economy of Arunachal Pradesh, it comprises of rice, ginger, maize, oilseeds, millet, wheat, pulses and sugarcane. Besides this, Arunachal Pradesh houses industries such as handloom handicrafts, rice mills, sawmills and fruit preservation.

Message

The Himalayan University is one of the State's leading Private University of Arunachal Pradesh. The Himalayan University will cater to the varied academic needs of the students from all across the North East India. The initiative is laudable as it is in accordance with the National Education Policy which lays great focus on imparting quality and affordable education so that our students are able to meet the aspirational needs of the 21st century. Various structural and policy change envisaged in the NEP aims at scaling up the provision and quality of Higher Education.

The thrust of Government policies is not only skill up and educate our youth but also to make them job providing entrepreneurs, the robust engine of our growth story. I am of the considerate view that practical utility of academic knowledge is quite necessary. Thus the institution must give priority to industry oriented programs. I sincerely hope that the Himalayan University will be able to fulfil the aspirations of our young students and enable them to bridge the gap between skilled human resources and ever changing corporate world. Indeed, the Himalayan University should successfully transform our students from job seekers to job providers.

I am glad that the Himalayan University is launching a 'Prospectus' on this occasion. I am sure it would be immensely educative and beneficial to the students of Arunachal Pradesh. I congratulate the Himalayan University and its Board Members, the faculties and the office bearers and wish them every success in their laudable endeavours.

(Taba Tedir)
Former Minister (Education, Cultural Affairs & DIA)

RESEARCH & DEVELOPMENT

SCHOOL & FACULTIES

Himalayan University has created niche for itself as one of the most prestigious centres of higher education in Engineering, Management, Law, Arts, Commerce, Media, Medicine etc, in the state of Arunachal Pradesh. It offers Undergraduate, Post Graduate and Ph.D programmes in these fields. The University supports 13 faculties that prepare students to serve every corner of the nation:

- FACULTY OF ARTS AND SOCIAL SCIENCES
- FACULTY OF ENGINEERING AND APPLIED SCIENCES
- FACULTY OF BUSINESS & MANAGEMENT
- FACULTY OF COMPUTING AND INFORMATION TECHNOLOGY
- FACULTY OF PARA MEDICAL SCIENCES
- FACULTY OF NURSING
- FACULTY OF SCIENCE
- FACULTY OF COMMERCE
- FACULTY OF LAW
- FACULTY OF EDUCATION
- FACULTY OF AGRICULTURE & HORTICULTURE
- FACULTY OF JOURNALISM AND MASS COMMUNICATION

FACULTY OF ENGINEERING & APPLIED SCIENCE

Civil Workstation

Engineering, a scientific topology, has played a vital role in shaping the world since ancient times. As of now, the tools and techniques of engineering have completely changed and the rate of doubling of knowledge is such that by the time a student graduates, later she is almost obsolete. Therefore, it is important to continuously revise the curriculum as well as teaching-learning strategies. Keeping these in view, the School of Engineering and Technology updates its offerings to be current and relevant in domain knowledge as well as research and development.

S. NO.	COURSE	DURATION	ELIGIBILITY	MODE
1	Doctor of Philosophy (Ph.D)	6 Semesters	PG in Relevant Stream with 55% Marks	Semester
2	Master of Technology (M.Tech)	4 Semesters (2 Years)	B.Tech / BE / M.Sc	Semester
3	Bachelor of Technology (B.Tech)/ (Lateral Entry)	6 Semesters (3 Years)	Diploma of 3 Years	Semester
4	Bachelor of Technology (B.Tech)	8 Semesters (4Years)	12th (Science)	Semester
5	Diploma in Engineering & Technology (Lateral Entry)	4 Semesters (2 Years)	12th with PCM or ITI	Semester
6	Diploma in Engineering & Technology	6 Semesters (3 Years)	10th	Semester

FACULTY OF AGRICULTURE & HORTICULTURE

India continues to be agrarian society, notwithstanding recent developments in Engineering and Technology, Computer Science and Space Science. In Arunachal Pradesh, agriculture and horticulture are the driving engines of state economy and School of Agriculture and Horticulture prepares its students to work for improving food security and socio-economic development.

The School of Agriculture and Horticulture, Himalayan University provides well structured and relevant undergraduate, postgraduate and doctorate level programmes.

S. NO.	COURSE	DURATION	ELIGIBILITY	MODE
1	Doctor of Philosophy (Ph.D)	6 Semesters	PG in Relevant Stream with 55% Marks	Semester

4	Diploma in Agriculture & Horticulture	4 Semesters	12th	Semester

FACULTY OF EDUCATION

Education as a career is one of the most satisfying choices since a teacher is always surrounded by fertile and creative minds, who are the future citizens of the country. In a way, a teacher gets ample opportunities to contribute to national development. With strong faith in this dictum, the School of Education & Special Education, Himalayan University offers programmes such as B.Ed, M.Ed, Ph.D in education and Special Education, apart from advance diploma.

S. NO.	COURSE	DURATION	ELIGIBILITY	MODE
1	Doctor of Philosophy (Ph.D)	6 Semesters	PG in Relevant Stream with 55% Marks	Semester
2	B.Ed in Special Education (LD) & (ID)	4 Semesters	Graduation	Semester
3	M.A (Education)	4 Semesters	Graduation	Semester
4	B.A (Education)	6 Semesters	10+2	Semester

FACULTY OF NURSING

FACULTY OF PARAMEDICAL SCIENCES

Para Medical Science is one of the emerging fields of study with promise for bright and satisfying career prospects. The Faculty of Para Medical Sciences trains its students to work with health care specialists and medicine manufacturers. The University imparts very clear and precise understanding about various drugs so as to enable them to perform their job efficiently.

The Faculty of Nursing is established to offer degree and diploma courses in nursing to meet the diverse needs of healthcare sector. The Faculty of Nursing has been producing professionals with best skills and deep insight into health care practices. The nurses are trained in not just basic medical specialties but also Intensive and critical super specialties such as Intensive Care Units, Cardiology, Gastroenterology, Oncology, Nephrology and Neurology.

Since Pharmacy is related to chemical and nursing is related to health sciences, thus these are expected to provide accurate medical solutions. This is possible only through deep knowledge of various drug therapies. Through continuous research, the faculty trains its students to perform their job meticulously.
